MEMORANDUM FOR ERIC JACKSON

DIRECTOR OF SECURITY
OFFICE OF INTELLIGENCE AND COUNTERINTELLIGENCE

FROM: CHARLES K. DURANT 
DEPUTY DIRECTOR FOR COUNTERINTELLIGENCE
OFFICE OF INTELLIGENCE AND COUNTERINTELLIGENCE

SUBJECT: Delegation of Access Determination Approval Authority

REFERENCE: IN Security Policy 12-001.0; DOE Delegation Order No. 00-020.00A; ICD 704, ICPG 704.1, ICPG 704.2, ICPG 704.3, ICPG 704.4, ICPG 704.5

You are delegated the authority to grant access to Sensitive Compartmented Information (SCI) for the Department of Energy (Department) to headquarters and field federal and contractor employees. I am re-delegating this authority to you based on the Director's delegation of this authority to me, as allowed under Department Delegation Order No. 00-020.00A (Delegation Order). The Director, Office of Intelligence and Counterintelligence, retains the exclusive authority to authorize SCI for individuals not employed by or having a contractual relationship—directly or through a company—with the Federal government.

With this authority, you shall apply the established eligibility standards in order to grant or deny access to SCI within the Department in accordance with Section 1.4 of the Delegation Order.

If you determine there is a need for a condition, deviation or waiver to the eligibility standards, you must submit that request to the Deputy Director for Counterintelligence. The Deputy Director for Counterintelligence may grant access to SCI based on a condition, deviation or waiver to the eligibility standards. An exception shall only be granted when the risk to national security is manageable and acceptable, as determined by the Deputy Director for Counterintelligence. This authority may not be further re-delegated.

Any decision on suspension, denial and revocation of SCI access must be made in accordance with approved Office of Intelligence and Counterintelligence Security Policy 12-001.0.
