MEMORANDUM FOR CHARLES DURANT

DEPUTY DIRECTOR FOR COUNTERINTELLIGENCE
OFFICE OF INTELLIGENCE AND COUNTERINTELLIGENCE

FROM:

STEVEN K. BLACK 
DIRECTOR
OFFICE OF INTELLIGENCE AND COUNTERINTELLIGENCE

SUBJECT:

Delegation of Access Determination Approval Authority

REFERENCE:

IN Security Policy 12-001.0; DOE Delegation Order No. 00-020.00A; ICD 704, ICPG 704.1, ICPG 704.2, ICPG 704.3, ICPG 704.4, ICPG 704.5

You are delegated the authority to grant access to Sensitive Compartmented Information (SCI) for the Department of Energy (Department) to headquarters and field federal and contractor employees. The Director, Office of Intelligence and Counterintelligence, retains the exclusive authority to authorize SCI for individuals not employed by or having a contractual relationship—directly or through a company—with the Federal government.

With this authority, you shall apply the established eligibility standards in order to grant or deny access to SCI within the Department in accordance with Section 1.4 of Department Delegation Order No. 00-020.00A (Delegation Order).

You may also grant access to SCI based on a condition, deviation or waiver to the eligibility standards; and you may grant an exception when you determine that the risk to national security is manageable and acceptable.

You shall ensure that any decision on suspension, denial or revocation of SCI access is made in accordance with approved Office of Intelligence and Counterintelligence Security Policy 12-001.0.

Based on my authority under the Delegation Order, you may re-delegate this authority to an appropriate security official.
